Original Medicare does not cover everything and leaves you with what is called a "coverage gap." Plan Options

Understanding Your Medicare Options

Medicare, which consists of Part A (hospital) and Part B (medical) and is commonly referred to as Original Medicare, was never designed to cover all of your healthcare expenses. With Medicare alone, you could be responsible for thousands of dollars in copays and deductibles.

Purchasing additional insurance is an important decision. You have two main options—Medicare Supplement, also known as Medigap, and Medicare Advantage plans.*

Medicare Supplement plans are designed to supplement Original Medicare by paying for the health care costs—the gaps in coverage—that Original Medicare doesn't pay, such as the costs below. Medicare will pay its share first and then your Medicare Supplement plan will pay its share.

Medicare Part A

You are responsible for the deductible of $1,736 for each benefit period. Coverage includes your hospital stays and other medical facility costs including:

- Inpatient care in hospitals
- Skilled nursing facility care
- Hospice care
- Home health care

Medicare Part B

You are responsible for the yearly deductible of $283. After your deductible is met, you typically pay 20% of the Medicare-approved amounts for the following:

- Most doctor services (including doctor services you receive while you're hospitalized)
- Outpatient therapy
- Durable medical equipment

** You cannot be enrolled in both a Medicare Supplement plan and a Medicare Advantage plan.*

Medicare Supplement plans are:

Flexible

- Select your own doctors and hospitals, as long as they accept Medicare
- See specialists without referrals
- Have the same coverage when you're traveling throughout the U.S.

Simple

- Pay your monthly premium and your out-of-pocket costs, like copays and deductibles, are limited
- Know what you're going to pay before you visit the doctor or receive care

An alternative to Original Medicare and a Medicare Supplement plan is Medicare Advantage (MA), also referred to as Medicare Part C. Rather than supplementing Medicare like a Medicare Supplement plan, MA plans provide all of your Part A (hospital) and Part B (medical) coverage. Some plans also include prescription drug (Medicare Part D) coverage.

MA plans often have designated provider networks. This means individuals in an MA plan must receive care from that plan's network of doctors and hospitals and referrals may be required to see a specialist. Coverage when you travel is limited to emergency care only. While these plans may have low monthly premiums, you may be required to pay deductibles, copays and/or coinsurance when you use services. Enrollment in an MA plan is restricted to certain times of the year, unless you have become eligible for Medicare for the first time.

Original Medicare doesn't cover it all

It's important to pick a plan that works for your budget and your needs. The chart below shows the possible out-of-pocket costs of an individual staying in the hospital a full 150 consecutive days as an inpatient within the same benefit period.*

Hospital Stay	With Original Medicare Part A (Hospital) Only, You Pay		With CareFirst MedPlus Plan G, You Pay
Days 1-60	$1,736 Part A deductible		$0
	⊕		⊕
Days 61-90	$13,020 $434 copay x 30 days		$0
	⊕		⊕
Days 91-150**	$52,080 $868 copay x 60 days		$0
	=		=
A 150-day hospitalization would cost you:	**$66,836** With Medicare Part A	**OR**	**$0** With CareFirst Plan G

**Medicare Lifetime Reserve Days

Medicare provides coverage for at least 90 days of consecutive inpatient hospitalization after you've paid your Medicare deductibles and copays. You are limited to a total of 60 additional days of hospitalization coverage in your lifetime to be used if your initial inpatient hospitalization extends beyond 90 days. These 60 additional days are called lifetime reserve days.

With a Medicare Supplement plan, you would be covered for an additional 365 days after you use all of your lifetime reserve days.

**A benefit period begins the day you're admitted as an inpatient in a hospital or skilled nursing facility (SNF). The benefit period ends when you haven't received any inpatient hospital care (or skilled care in a SNF) for 60 days in a row. If you go into a hospital or a SNF after one benefit period has ended, a new benefit period begins. You must pay the inpatient hospital deductible for each benefit period. There's no limit to the number of benefit periods.*

Dollar amounts shown are the 2026 deductibles, copayment and coinsurance.

Plan Options

Having Original Medicare alone could leave you with gaps in coverage and cost you thousands of dollars in healthcare costs each year. Purchasing a Medicare Supplement plan will cover the gaps in your Medicare coverage. You can pick from any of the seven plans listed below. See the comparison chart on pages page 14–15 to compare plan options.

MedPlus Plan G

Our plan with the most comprehensive coverage and lowest out-of-pocket costs

With this plan, after you meet your $283 Part B deductible, your medical copayments and coinsurance are covered 100% by your plan. When traveling in a foreign country,[2] your emergency care is covered.

MedPlus High-Deductible Plan G

Our plan with the lowest monthly premium

After you meet your $2,950 plan deductible and $283 Part B deductible, your hospital and medical copayments and coinsurance are covered 100% by your plan. When traveling in a foreign country,[2] your emergency care is covered, as well as skilled nursing facility care coinsurance.

MedPlus Plan N

This plan covers your Part A deductible, but you are responsible for the $283 Medicare Part B deductible and a small copay for office and emergency room visits. When traveling in a foreign country,[2] your emergency care is covered.

Balance Billing Protection—If you see a doctor who does not accept Medicare's reimbursement as payment in full for services (some doctors charge up to 15% more than Medicare allows), Plan G and High-Deductible Plan G will cover these extra charges.

See detailed benefits and rates in the Outline of Coverage beginning on page 23.

[1] *Medicare Part A and Part B deductibles are established by Medicare.*

[2] *Medicare Supplement plans pay up to 80% of billed charges for Medicare-eligible expenses for emergency care received during the first 60 consecutive days of each trip outside the United States. The plan payment is subject to a calendar year deductible of $283 and a lifetime maximum benefit of $50,000.*

MedPlus Plan M

This plan covers half of your Part A deductible—you will be responsible for $868. After you meet your annual $283 Part B deductible and Part A deductible, your hospital and medical copayments and coinsurance are covered 100% by your plan. When traveling in a foreign country,[2] your emergency care is covered, as well as skilled nursing facility care coinsurance.

MedPlus Plan L

With this plan, you are responsible for 25% of your Part A deductible—$434. Your out-of-pocket expenses will not exceed $4,000 each year.

MedPlus Plan B

This plan covers all of your $1,736 Part A deductible. Once you meet your $283 Part B deductible, your hospital and medical copayments and coinsurance are covered 100% by your plan.

MedPlus Plan A

After you meet your annual $283 Part B deductible and $1,736 Part A deductible, your hospital and medical copayments and coinsurance are covered 100% by your plan.

If you were newly eligible for Medicare prior to January 1, 2020, you may have additional plan options to choose from. Call CareFirst to learn more.

What is not covered?

Medicare Supplement policies are designed to work hand-in-hand with the federal Medicare program. They are not intended to be classified as long-term care policies and do not pay for most custodial care. Medicare Supplement plans do not cover expenses for services and items excluded from coverage under Medicare, or expenses for services and items that would duplicate Medicare payments.

Prescription drug coverage, or Medicare Part D, is not included in any CareFirst MedPlus Medicare Supplement plan.

Coverage is available on a guaranteed issue basis

Your acceptance into one of CareFirst's seven Medicare Supplement plans is guaranteed with no review of your medical history if:

- You are within six months* of your Medicare Part B effective date (Open Enrollment)
- You are in a Guaranteed Issue Period (please refer to the Additional Information section located in the back of this book)

And—you automatically receive our lowest Level 1 premiums!

The policies may have exclusions, limitations or terms under which the policy may be continued in force or discontinued. For costs and complete details of the coverage, call your insurance agent or CareFirst MedPlus.

[1] *Medicare Part A and Part B deductibles are established by Medicare.*

[2] *Medicare Supplement plans pay up to 80% of billed charges for Medicare-eligible expenses for emergency care received during the first 60 consecutive days of each trip outside the United States. The plan payment is subject to a calendar year deductible of $283 and a lifetime maximum benefit of $50,000.*

Coverage is available on an underwritten basis

If you are more than six months past your Medicare Part B effective date (Open Enrollment) and are NOT applying during a Guaranteed Issue Period, you will need to answer questions regarding your medical history on the enclosed application, MDMEDPLUSAPP (12/23). This assessment will determine your acceptance and the premium rate you will receive. By missing the six-month Open Enrollment you are at risk of receiving more expensive monthly premiums. Please refer to the Outline of Coverage in this book for current pricing.

You risk nothing by applying today and you'll be under no further obligation if you're not satisfied with the coverage described.

Switching plans

- If you're switching your coverage, Medicare will give you full credit for every dollar you've already spent toward your Medicare Part B deductible.
- You may be subject to a review of your medical history through medical underwriting if you are outside of your Open Enrollment or Guaranteed Issue Period.

Medicare Supplement Outline of Coverage

Premium information

CareFirst MedPlus can only raise your premiums if we raise the premiums for all policies like yours in your geographical region of your state.

Under Medicare supplement policies **A, B, F, High-Deductible F, N, G, High-Deductible G, L and M**, which use attained age rating, premiums automatically increase as you get older. You can expect your premiums to increase each year due to changes in age. We reserve the right to adjust premiums on your renewal.

The rate increase will be effective on the first of the policy renewal month. The policy renewal month means the month in which the policy becomes effective and each subsequent anniversary of that month. If the change from one age to another occurs prior to the policy renewal month, the rate increase will not be effective until the first of the policy renewal month. You will be notified of any rate increase at least 45 days prior to the date that a premium increase becomes effective.

Only applicants who are eligible for Medicare before January 1, 2020 may purchase Plans F and High-Deductible Plan F.

Read your policy very carefully

This is only an outline describing your policy's most important features. The policy is your insurance contract. You must read the policy itself to understand all of the rights and duties of both you and your insurance company.

Right to return policy

If you find that you are not satisfied with your policy, you may return it to:

First Care, Inc.
d/b/a CareFirst MedPlus
Individual Market Division
10800 Red Run Boulevard, RRE-375
Owings Mills, MD 21117

If you send the policy back to us within 30 days after you receive it, we will treat the policy as if it had never been issued and return all of your payments.

Policy replacement

If you are replacing another health insurance policy, do NOT cancel it until you have actually received your new policy and are sure you want to keep it.

Notice

This policy may not fully cover all of your medical costs. Neither CareFirst MedPlus nor its agents are connected with Medicare. This outline of coverage does not give all the details of Medicare coverage. Contact your local Social Security Office or consult *Medicare and You* for more details.

Complete answers are very important

When you fill out the application for your new policy, be sure to answer truthfully and completely all questions about your medical and health history. The company may cancel your policy and refuse to pay any claims if you leave out or falsify important medical information.

Review the application carefully before you sign it. Be certain that all information has been properly recorded.

CareFirst MedPlus: Level 1, Female Rates

If you are applying within six months of your Medicare Part B effective date (Open Enrollment) or during a Guaranteed Issue Period, the Level 1 Rate applies and is dependent on the plan you select, your age and gender. You are not required to answer any health or tobacco use questions found in Section 4 of the application. Therefore, tobacco use and health screening questions will not be used in determining your rate.

If you are applying between seven months and 10 years past your Medicare Part B effective date, then your Level 1 Rate eligibility will depend on tobacco status and health evaluation.

You can receive a 10% discount if you reside with someone who is also actively enrolled in a CareFirst MedPlus plan. You can also receive a discount of $2 off your monthly rate or $24 off your annual rate if you elect automated payment via bank withdrawal or credit card payment; or elect the annual payment option. See Section 6 of your application.

II. Acceptance may also be guaranteed through other special Guaranteed Issue Enrollment Provisions. If health insurance coverage is lost, the individual may be considered an "Eligible Person" entitled to guaranteed acceptance and may have a guaranteed right to enroll in CareFirst MedPlus Medicare Supplement Plans under the following circumstances:

A. Supplemental Plan Termination, meaning:

- The individual was enrolled under an employer group health plan or union coverage that pays after Medicare pays (Medicare Supplemental Plan) and the plan is ending or will no longer provide the individual with supplemental health benefits and the coverage was terminated or ceased within the last 63 days;
- The individual got a notice that supplemental health benefits were terminated or ceased within the past 63 days; or
- The individual did NOT get a notice that supplemental health benefits terminated or ceased, BUT within the past 63 days received a notice that a claim was denied because supplemental benefits terminated or ceased.

***A Medicare Health Plan is defined as:**

a) Any Medicare Advantage plan;

b) Any eligible organization under a contract under Section 1876 (Medicare cost);

c) Any similar organization operating under demonstration pro authority;

d) Any PACE provider, under section 1894 of the Social Security Act;

e) Any organization under an agreement under Section 1833(a)(1)(A) (health care prepayment plan); or

f) A Medicare Select policy.

B. Medicare Health Plan* termination, movement out of service area, violation of contract terms or marketing violations, meaning:

Within the past 63-day period the individual was enrolled under: A Medicare Health Plan* (such as a Medicare Advantage Plan), or was 65 years of age or older and enrolled with a PACE provider (Program of All Inclusive Care for the Elderly), and one of the following occurs:

i. The plan was terminated, no longer provides or has discontinued to offer coverage in the service area where the individual lives;

ii. The individual lost coverage because of a move out of the plan's service area or experienced other change in circumstances specified by Health and Human Services (NOTE: This does not include failure to pay premiums on a timely basis.);

iii. The individual terminated because he or she can show that the Plan violated the terms of the Plan's contract such as failing to provide timely medically necessary care or in accordance with medical standards;

iv. The individual can show that the Plan or its agent misled them in marketing the Plan; or

v. The certificate of the organization was terminated.

C. Medicare Supplemental Plan involuntary termination, or termination due to a violation of contract terms, or marketing violations, meaning:

Within the past 63-day period the individual was enrolled under a Medicare supplemental policy and the individual's enrollment ended because:

i. Of any involuntary termination of coverage or enrollment under the policy, including plan bankruptcy;

ii. The plan violated the terms of the plan's contract; or

iii. The individual can show that the company or its agent misled them in marketing the plan.

D. Enrollment change from a Medicare Health Plan* to Medicare Supplemental Plan (enrolled in MA less than 12 months), meaning:

- Within the past 63-day period the individual was enrolled under: A Medicare Health Plan* (such as Medicare Advantage or PACE plan), when the individual first enrolled under Medicare Part B at age 65 or older, and within 12 months of enrollment in the Medicare Health Plan* decided to switch back to a Medicare Supplement policy; or
- Within the past 63-day period the individual was enrolled under: A Medicare Supplemental plan that the individual dropped and subsequently enrolled for the first time with a Medicare Health Plan* (such as Medicare Advantage or PACE); and was with the plan less than 12 months and wants to return to a Medicare Supplemental plan.

- Within the past 63-day period the individual was enrolled under: A Medicare Part D plan, and ALSO enrolled under a Medicare Supplement policy that covers outpatient prescription drugs. When the individual enrolled in Medicare Part D, he or she terminated enrollment in the Medicare supplement policy that covered outpatient prescription drug coverage (NOTE: Evidence of enrollment in Medicare Part D must be submitted with this application).

F. Loss of employer group or union coverage due to termination of employer group or union plan, and ineligibility for insurance tax credits solely because of Medicare eligibility, meaning:

- Within the past 63-day period the individual was enrolled under: An employer group health plan or union coverage that provides health benefits and the plan terminated; and solely because of your Medicare eligibility, the individual is not eligible for the tax credit for health insurance costs.

- The individual remained in Virginia Medicaid during the Public Health Emergency due to the suspension of terminations in the program; and
- The individual was not disenrolled from the Virginia Medicaid until at least 6 months after the effective date of Medicare Part B enrollment and therefore missed their Medicare Supplement initial enrollment period. In this case, the individual's Guaranteed Issue period will be a 63-day period following the date they are terminated from Virginia Medicaid or the end of their initial open enrollment period.

IMPORTANT NOTES

SECTION 5. PAST AND CURRENT COVERAGE

Please review the statements below, then answer all questions to the best of your knowledge.

- You do not need more than one Medicare Supplement insurance policy.
- If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.
- You may be eligible for benefits under Medicaid and may not need a Medicare Supplement policy.
- If, after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare Supplement policy can be suspended for 24 months, if requested, during your entitlement to benefits under Medicaid. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your suspended Medicare Supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstituted if requested within 90 days of losing Medicaid eligibility. If the Medicare Supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.
- If you are eligible for, and have enrolled in, a Medicare Supplement policy by reason of disability, and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare Supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare Supplement policy under these circumstances, and later lose your employer or union-based group health plan, your suspended Medicare Supplement policy (or if that policy is no longer available, a substantially equivalent policy) will be reinstituted if requested within 90 days of losing your employer or union-based group health plan. If the Medicare Supplement policy provided coverage for outpatient prescription drugs, and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.
- Counseling services may be available in your state to provide advice concerning your purchase of Medicare Supplement insurance and medical assistance through the state Medicaid program, including benefits through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

For your protection, you are required to answer to the best of your knowledge, all of the questions below (5A through 5N).

Please Note: If you lost or are losing other health insurance coverage, and received a notice from your prior insurer saying you were eligible for guaranteed issue of a Medicare Supplement insurance policy, or that you had certain rights to buy such a policy, you may be guaranteed acceptance in one or more of our Medicare Supplement plans.
